WEINSTEIN qualifies for inclusion in the "B" section of the Reserve Index by his own admission to Bureau agents on 10/23/59 that he did not withdraw from CP and LVL activity until approximately 1956. He stated he joined the LVL in about 1950 and at one time held the position of Organizational Secretary of the NY County LVL. Weinstein also admitted joining the CP in about 1953 and advised he attended club meetings on the Lower East side on practically a monthly basis. (U)

The subject is not being considered for interview inasmuch as on 1/12/60 he told Bureau agents he would not disclose the political activities of other individuals and that if he received any information of value to the FBI in the execution of its duties with regard to the internal security of the United States he would report same to the FBI. (U)
This case is being placed in a closed status in the NYO. (U)

past month or so have been handled by ELEANOR HAKIM and
JAMES WEINSTEIN, [REDACTED]

Serial 161 in the file consists of a letter from the Legat
at Bonn, wherein it is stated that Subject publication has been
moved from the former address in Madison, Wis. and is now
operating from the address of 795 Dolores Street, San Francisco,
California.

Milwaukee has received no indication that SOTL has moved its
headquarters and inquiries of the source at this time elicited the
information that in its new issue, the publishers are announcing
that they have now obtained an office for headquarters and,
while the city is not mentioned, it presumably means in Madison,
Wisconsin, and the proofs reflects the Post Office address of
SOTL is still Box 2121, Madison, Wis.

Efforts are now being made to verify the office location of
SOTL in Madison, Wisconsin.

WEINSTEIN has indicated that that will be the last issue published at Madison, Wisconsin, and that SOTL would be moving its headquarters to New York City inasmuch as most of the graduate students that originally formed SOTL at Madison, Wisconsin, have since left Madison, Wisconsin, and some of them are in the New York area. Informant also stated that WEINSTEIN indicated that he himself is going back to New York and would probably be handling SOTL affairs there. Informant also stated that the last issue of SOTL will carry an announcement of this move to New York City.

Milwaukee will follow this change and, of course, will report significant information in connection with the next issue and with their plans to move to New York City. Meanwhile, New York should be alert to any information of significance concerning these plans and keep the Milwaukee Office and the Bureau advised.

Verify continued presence of the subject within your field office territory.

Explore the possibilities for the development of potential witnesses, sources, and informants from among this group.

Determine whether further action under the Security Index program is indicated.

Examine these cases with a view toward ascertaining whether any subject might have come to the attention of the Soviets as being qualified for and amenable to recruitment for espionage purposes, bearing in mind recent developments indicating that the Soviets have under consideration the utilization of present and former members of the Communist Party for espionage purposes.

Upon completion of the required investigation set forth above, a copy reflecting disposition of the case should be designated for MI 100-13554, the control file on the Reserve Index.
